# レモン サワー グラス

Lemon Sour  
Tumbler and Mug

Meeting the demand to drink "Shochu", Japanese distilled spirit, with a lot of ice, the tumbler and mug specifically designed for Lemon Sour are new arrival. The tumbler capacity, which you can pour a lot of sour at once, is 620ml/ 20%oz. Enjoy the taste of "Izakaya", Japanese style dining bar, at home.

# BENEDIRE Fleurir

A sunflower design has been added to Fleurir series.

Sunflower is a flower with a bright image that gives you energy just by looking at it. When you pour a transparent drink into the glass, it looks like flower petals spread out on the surface.

Since the glass is packed in an individual box, it is suitable for a small gift.
